

M Ayan Ali

Frontend Web Developer

Email: ayanalim051@gmail.com | Phone: 03172121220 | Karachi, Pakistan

Profile

Passionate frontend developer focused on building responsive, modern, and user-friendly web applications. Skilled in HTML, CSS, JavaScript, React, Tailwind CSS, Bootstrap, and Redux Toolkit. Currently expanding knowledge in backend development to grow into a full-stack developer.

Skills

- HTML5, CSS3, JavaScript
- React JS
- Tailwind CSS
- Bootstrap
- Redux Toolkit
- Responsive Web Design
- Frontend UI/UX
- Backend learning: Node.js, APIs, databases

Projects

- E-Commerce Website — Responsive online shopping interface with product listing, cart, and filters.
- Admin Dashboard — Modern analytics dashboard with cards, charts, and student management UI.
- Quiz Application — Interactive quiz app with timer, scoring, and responsive design.

Experience & Strengths

• Built modern frontend interfaces with strong attention to design consistency and usability. • Developed responsive pages optimized for mobile, tablet, and desktop devices. • Focused on clean code structure, accessible UI elements, and efficient user experience. • Continuously learning backend technologies to become a more capable full-stack developer.

Education / Learning

Self-driven learner and web development enthusiast with hands-on practice in frontend technologies and continuous growth in backend fundamentals.
